## 荷蘭真皮磚 突顯個人品味

Text by Kayu & Billy Clarke

Kitchens + Interiors 最新引入荷蘭高級品牌Alphenberg，主打製造水牛皮磚，為港人帶來與眾不同的品味選擇。

Alphenberg皮磚可塑性甚高，無論鋪設在牆身、天花板、地板均可，容易配襯其他傢具之餘，還可展現截然不同的色調與效果，營造獨特的家居氛圍。磚塊由真皮製造而成，備有啞面和光面兩大系列以供選擇。另一方面，皮磚能令室內冬暖夏涼，亦可抵禦潮濕環境，因此特別適合香港氣候。

產品具防刮、防水、防污的特性，不易破損之餘，亦十分耐用；加上清潔程序簡易，平日只需使用濕布擦淨即可，毋須加入任何化學清潔劑或擦亮劑；此外，用家只要每年使用Alphenberg特製的保養蠟打理一次，便能保持皮磚潔亮如新。身為Ergorapido系列的一員，Ergorapido Green同樣採用獨特的手提式設計，使用十分方便。

Alphenberg is a unique brand from Holland that specializes in genuine water buffalo leather tiles for floors, walls and ceilings. Now the brand is available in Hong Kong thanks to Kitchens + Interiors, a local interior furnishing aficionado Winston Lam. All the products available in Kitchens + Interiors has been meticulously selected by Lam, based on their quality design, excellent workmanship and commitment to the environment. There could be no more fitting brand than Alphenberg, who produce their chameleonic leather tiles to suit just about any interior and mood. The tiles are not only exceptionally durable and almost fully resilient to scratching, marks, stains and general wear and tear, but they

are also environmentally friendly, with the natural tanning process and use of natural dyes ensuring minimal burden on the environment.
